Pro III Rack - Full Sized Trucks Without Cap

Rack For Full Sized Trucks Without Cap - Black

This truck rack is made using rugged 1 5/8" dia. round tubing with a wall thickness of .083" for strength and stability. NO-DRILLING REQUIRED. Zinc Epoxy Primed for Superior Corrosion Protection! Our racks INCLUDE a No-Drill Clamp-On option that will not damage your trucks bed. This rack will fit all full size trucks with 6ft or longer bed. Versatile Design - Front legs adjust to fit bed lengths of 72in – 98in. We do not recommend using this rack on a bed shorter than 6ft long.

Some cutting may be required for drop in bed liners

Features

- Yellow Zinc Dichromate fasteners resist corrosion up to five times longer than standard white Zinc fasteners used by competing brands. Self locking nuts stay tight
- NO-DRILLING REQUIRED. Our racks INCLUDE a No-Drill Clamp-On option that will not damage your trucks bed.
- Self locking nuts stay tight

- Rack easily removed with four bolts
- Flexible tubular frame absorbs impact stress that can damage your truck bed
