CARGO RACK - PRO III HD ALUMINUM - LOW ROOF TRANSIT, NV & PROMASTER, STD ROOF SPRINTER, GM

Part # : 8016A

Cargo Rack Full Size Aluminum - GM, Chevy Express, Transit, NV, Sprinter, ProMaster, Covered Service Bodies

Full-size aluminum cargo rack with wind deflector and rear roller bar

This versatile 5 crossbar rack with wind deflector and rear roller bar has you covered no matter your cargo, sheet goods, ladders, carpet, or pipe. This rack can carry it all.

Features & Benefits:

- Rear roller bar has improved strength, and is vertically adjustable. Can be placed in line with other crossbars to act as extra load support.
- New crossbars allow for two different rack mounting heights to better fit different vehicle roof shapes.
- Crossbar attachment to side rails reduced from 4 carriage bolts and nuts per side, to one carriage bolt and nut per side.
- Crossbar attachment curvature allows the side rail to rest on top of the crossbar before attachment for quicker installation.
- Longer wind deflector bolts are easier to start threading for easier installation
- New side rail design fits into a smaller box to reduce shipping costs, shipping damage, and inventory space.

    - Lightweight and strong aluminum tubing.
- Stylish gloss black finish.
- Bracket mounted wind deflector.
- Sturdy rear roller bar for easy loading and unloading.
- Smooth tubular components.
- Holman Warranty
